Rent Choice

Keeping the Territory affordable, for people like you and me!

Rent Choice: You choose the home, we'll provide a rent subsidy.

Designed and administered by Venture Housing, the Rent Choice scheme provides eligible key workers with access to safe, secure and affordable housing in the private rental market for a period of up to twelve months depending on income, household size and location.

Rental subsidies are available for up to \$12,000 for those in an existing lease with 6+ months remaining, or those extending a lease or entering a new lease agreement through a licensed real estate agent or NRAS approved registered Community Housing Provider.

In addition, this round of subsidies will also support eligible households transitioning out of the National Rental Affordability Scheme (NRAS).

Eligible key workers must be working in an eligible key service industry as their primary source of income. Key service industries include:

- Construction
- Transport and Logistics
- Health and Emergency Services
- Tourism and Hospitality
